**Central Institute of Tool Design
Balanagar, Hyderabad, PIN-500037**

ABOUT CITD

Central Institute of Tool Design (CITD) an ISO 9001:2015, 14001:2004, 29990:2010 & 50001:2011 certified premier technical training institution of India, established in 1968; provides specialised training courses in Tool Design & Manufacturing, CAD, CAM, CAE, VLSI, Embedded Systems, Electronics, Mechatronics and Robotics at various levels such as Certificate, Diploma, Post Diploma, Post Graduate, M.E. and M.Tech.

The Institute was established in the year 1968 by Government of India with the assistance of UNDP and ILO as an executing agency. It was converted into a Government of India Society in 1970 under the administrative control of the Ministry of MSME. The Development Commissioner; Ministry of MSME is the ex-officio Chairman of the Governing Council. The Principal Director is the Chief Executive Officer of the Institute.

AIMS & OBJECTIVES

a) Training of the technical personnel in design and manufacture of Jigs & Fixture, Dies & Moulds, Press Tools, CAD/CAM, CAE, VLSI & Embedded Systems, Mechatronics & Robotics.

b) Provision of advisory, consultancy and common service facility & service to small scale units including assistance in the design and development of tools for various processes, Calibration of Mechanical Measuring Instruments.

c) Recommending measures to standardize tools and tooling elements, components of Jigs & Fixtures, Dies & Moulds, Press Tools and other tools.

d) Production of Jigs & Fixtures, Press Tools, Dies & Moulds, Gauges and Special Cutting Tools subject to the condition that job works undertaken by the Institute should suit to the needs of the training.

The Institute has a well equipped Tool Room with sophisticated CNC machines like CNC EDM, CNC Wire Cut EDM 4-Axis & 5-Axis High Speed Machining Centres, and 3D Coordinate Measuring Machine with Scanning & Digitization facilities. The Institute is equipped with latest version of EMCO Table Top CNC Turning and Milling machines with closed loop system to impart training in CNC Programming.

The Calibration laboratory is set up in CITD with Universal Horizontal Microscope ULM OPAL600 Carl Zeiss Technology, Germany and Slip Gauge Measuring Unit 826 with Millitron 1240, Mahr, Germany to Calibrate Limit Gauges, Micrometers, Dial Indicators, etc.

The CAD/CAM Centre is equipped with latest configuration workstations and softwares like AutoCAD, Pro-E, CATIA, ANSYS, Hypermesh, Unigraphics, Master CAM, Del CAM, Nastran & Patron, ABACUS, LS-DYNA, Q-FORM, SOLIDCAST, etc.

The Institute is also equipped with an Automation Centre with Programmable Logic Control Systems, Hydraulic, Pneumatic and Electronic Controls with Simulators.

CITD has a Library with a collection of technical books in Tool & other Engineering fields and subscribes to various International journals like CIRP Annals, American Machinist, Journal of Engineering Materials & Technology (ASME), Precision Engineering (JAPAN) and Precision Tool Maker, etc. The documentation centre collects and organizes information and data useful for the technological advancement in Tool Engineering. For the dissemination of information, the centre also provides technical enquiry service.

ABOUT UNIVERSITY COLLEGE OF ENGINEERING (AUTONOMOUS), OSMANIA UNIVERSITY, HYDERABAD

The University College of Engineering (Autonomous), a premier Institution of the Osmania University came into being in the year 1929, and it perceives its mission as follows:

To meet the short and long-term Engineering man power needs for social, industrial and economic development of the region and the nation through teaching and research, industrial consultancy and community service.

To promote learning in an environment conducive to free thinking and the promotion of innovation.

To cultivate the skills, attitudes and habits of life – long learning, so as to be well prepared to adapt to a rapidly evolving society and the continued demands for new knowledge and skills.

To contribute to the advancement of knowledge in engineering service and technology, as well as to provide new and deeper understanding of the engineering process implicit in nature, and for the solution of engineering problems to make human living more comfortable.

To be judged by the highest standards of teaching and research, ethics and integrity, morality and humanism.

Post Graduate programmes that prepare students to contribute to advances in engineering developments in the industry and for the community, through courses in M.E./M.Tech. Degree programmes as well as by research (M.S.)

ABOUT MASTER OF ENGINEERING PROGRAMMES COURSES

Central Institute of Tool Design is conducting full-time Master of Engineering programmes in collaboration with University College of Engineering, Osmania University, in:

1. M.E. Mechanical CAD/CAM (MECC)
2. M.E. Tool Design (METD)
3. M.E. Design for Manufacture (MEDFM)

These programmes in engineering prepare students to further their interest and develop skills in specialized areas in the above fields.

Duration – 24 months (4 Semesters)

Age –Candidates below 45 years of age are preferred.

Eligibility

For M.E. (Mech. – CAD/CAM):

B.E./B.Tech in Mechanical Engineering/Production Engineering/ Mechatronics Engineering or equivalent. Minimum of 55% marks in the qualifying examination from the Institutions approved by AICTE.

For M.E. (Tool Design):

B.E./B.Tech. in Mechanical Engineering/Production Engineering or equivalent. Minimum of 55% marks in the qualifying examination from the Institutions approved by AICTE.

For M.E. (Design for Manufacture):

B.E. / B. Tech. Mechanical Engineering /Production Engineering / Mechatronics Engineering / Automobile Engineering / Aeronautical Engineering or equivalent.

Minimum of 55% of marks in the qualifying examination from the Institution approved by AICTE.

FOR INDUSTRY SPONSORED CANDIDATES:

i) The candidates must have a minimum of two years of full-time professional work experience after passing the qualifying examination in a Registered Firm/ Company/ Industry/ Educational and Research Institutions/ Govt. Department/ Govt. Autonomous organizations in the relevant field in which admission is being sought.

ii) There will be no age restriction. However, preference will be given to those who are below 45 years of age.

iii) A letter from the employer must be furnished sponsoring the candidate for admission into M.E.(Mech. - CAD/CAM) / M.E. (Tool Design)/ M.E. (DFM). The employer should also indicate that the candidate sponsored will not be withdrawn midway till the completion of the course.

MODE OF APPLICATION

Application form can be downloaded from our website www.citdindia.org under the link **Master of Engineering Admissions-2019** and the filled in application form should be sent to **The Director (Trg), CITD, Balanagar, Hyderabad-500 037**, along with prescribed application cost by way of Demand Draft drawn in favour of **Principal Director, CITD, Hyderabad**

or

By Online at www.citdindia.org by selecting PAY ONLINE → SBI Payment Gateway → Click the Check Box → Proceed → Select State of Corporate/Institution → All India Select Type of Corporate or Institution Select → Educational Institutions Select Educational Institutions Name Central Institute of Tool Design Select Payment Category

Select Application Fee → Select Training Center Location → Select Hyderabad → Select Long Term Course Select PG Entrance Exam → Fill relevant details & click submit.

Further details can be obtained from Long Term Training Department, Diploma Block, Central Institute of Tool Design, Narsapur X Road, Balanagar, Hyderabad-500037, on any working day between 9:30 a.m. and 5:00 p.m. (Weekly Holiday-Sunday).

ENTRANCE EXAMINATION

Syllabus

ENGINEERING MATERIALS:

Structural and mechanical properties of common engineering / metals, alloys, plastics and ceramics. Heat treatment of steels.

FOUNDRY :

Patterns, pattern allowances, moulding and core making, gating and risering calculations, Casting processes; sand, die, centrifugal, investment and shell mould casting. Defects in castings.

WELDING :

Gas, arc and resistance welding. Tungsten inert gas (TIG), metal inert gas (MIG) and atomic hydrogen welding; Power sources of welding, Brazing, Soldering and adhesive bonding.

METAL WORKING :

Basic plasticity for metal forming. Hot and Cold working, Forming processes; blanking, piercing and deep drawing. Technology of wire drawing, rolling and forging processes, Force and power calculations. Elements of powder metallurgy.

MACHINE TOOLS:

Construction, operation, kinematics and applications. Automatic and semiautomatic machine tools, indexing attachments. Jigs and fixtures, Elements of N/C machine tools.

MACHINING PROCESSES:

Turning, drilling, shaping, planing, boring, reaming, milling, grinding and finishing processes. Production of Screw threads. Gear manufacturing processes; hobbing and shaping. Introduction to unconventional machining processes like EDM, ECM, USM, Laser machining etc.

LIMITS, FITS AND TOLERANCES :

Fundamental deviation, basic size, hole basis and shaft basis system, recommend fits for assembly.

INDUSTRIAL ENGINEERING :

Plant layout and material handling. Work study. Economic analysis; break-even analysis, present value criterion. Forecasting. Elements of production planning and control; machine loading, sequencing and inventory control. Statistical quality control. Elements of linear programming and PERT / CPM in production system.

STRENGTH OF MATERIALS :

Stress, Strain, Biaxial and triaxial stresses. Stress-strain relationship for elastic bodies. Mohr's circle. Theories of failure. Calculations of stresses, slope of deflection. Torsion of cylindrical shafts. Energy methods. Thin and thick cylinders. Stability of columns.

THEORY OF MACHINES :

Constrained motion. Plane mechanisms; Velocity and acceleration diagrams. Coriolis component of acceleration. Instantaneous centre. Flywheels and their applications. Balancing of reciprocating and rotating masses. Planar cams and followers. Involute tooth geometry. Types of gears. Gear trains with fixed axes and planetary configuration, differential. Natural and forced vibration with and without damping for systems with single degree of freedom. Transmissibility and isolation of vibration. Transverse vibrations of beams and shafts, Critical speed. Multi rotor torsional vibratory systems. Principle of gyroscope.

MACHINE DESIGN :

Material and manufacturing considerations. Design of elements subjected to static and variable stresses. Factor of safety. Stress concentration. Design of flanged joints and seals, shafts and keys, helical springs, rigid and flexible couplings, universal (Hooke's) joints, Oldham coupling, Clutches and brakes, belt, chain and rope drives. Hydrodynamic lubrication. Rolling element bearings. Power screws. Design calculations of spur and helical gears. Indian Standards and specifications.

STATICS :

Simple applications of equilibrium equations.

DYNAMICS :

Simple applications of equations of motion. Simple harmonic motion. Work, energy, power.

PRODUCTION MANAGEMENT :

Method and time study, motion economy and work space design, operation and flow process charts. Product design and cost selection manufacturing process. Break-even analysis, Site selection. Plant layout. Materials handling, Selection of equipment for job shop and mass production, Scheduling, despatching, routing.

METROLOGY :

Measurements, linear angular comparators, measuring instruments.

ENGINEERING DRAWING :

First angle and third angle projections, Sections of solids, Missing lines, views, representation of screw threads, Ability to visualize in three dimensions and represent them in isometric / orthogonal / perspective views.

PSYCHOMETRIC TEST

Duration

1½ hours (Objective Type 100 Questions).

Declaration of Result

Merit list of the candidates will be displayed on the notice board of the institute as well as on Website www.citdindia.org.

As per the list, all the interested candidates are required to be present on the counselling day as per the counselling dates along with all the original certificates & prescribed fees.

Venue (only for entrance)

University College of Engineering
Osmania University,
Hyderabad – 500 007

Use of Unfair Means

Use of unfair means by candidate at the entrance examination whether detected at the time of examination, evaluation or at any stage will lead to cancellation of his/her admission into the course.

RESERVATION

Reservation exists as per Govt. of India Rules. Age Relaxation for SC/ST category candidates exist as per Govt. of India Rules.

COURSE FEE

For Self Sponsored:

The candidates selected have to remit course fee of Rs. 41,000/- per semester at the beginning of each semester either in Online Mode, Bank Challan or DD in favour of the Principal Director, CITD, Hyderabad.

For Industry Sponsored:

The candidates selected have to remit course fee of Rs. 51,000/- per semester at the beginning of each semester either in Online Mode, Bank Challan or DD in favour of the Principal Director, CITD, Hyderabad.

In addition, the candidates have also to pay one time Autonomy fee of Rs.9,770/- (OU Autonomy) at the time of admission.

ADMISSION

Admission is purely based on the rank obtained in the Entrance Test to be conducted by University College of Engineering, OU, Hyderabad.

Rank holders of GATE also need to qualify themselves in the entrance examination.

LIST OF DOCUMENTS TO BE ATTACHED WITH APPLICATION FORM

- i) Degree/Provisional certificate B.E./B.Tech./AMIE (only self attested true copies)
- ii) SSC Certificate (for date of birth)
- iii) Previous service certificates, if any.
- vi) Sponsoring letter from present employer. (For Sponsored Application)

PROVISIONAL LIST OF SELECTED CANDIDATES

The provisional list of selected candidates will be displayed on Website/Notice Board of Central Institute of Tool Design, Balanagar, Hyderabad.

SCHEME OF INSTRUCTION, EXAMINATION & AWARD OF DIVISION

As per the norms of Osmania University from time to time.

AWARD OF DEGREE CERTIFICATE

The Osmania University will award the Degree certificates for successful candidates.

DOCUMENTS TO BE HANDED OVER AT THE TIME OF JOINING

a) Original certificates of qualifying examinations, i.e., 10th, 12th or Diploma & B.E or B.Tech. The original certificates will not be given back to the trainees under any circumstance till they complete the scheduled training period at this Institute.

b) Certificate of Physical fitness from any Assistant Civil Surgeon. The Institute reserves the right to send the candidate for further Medical examination, if necessary.

c) The trainee should give an undertaking for good conduct and behaviour and to abide the rules & regulations as prescribed by the Institute.

GENERAL RULES REGARDING RESERVATIONS OF SEATS FOR SC/ST/PWD CANDIDATES

a) SC/ST candidates who get seats by merit in general category will not be counted against the seats reserved for them and such candidates will go into the list of general seats.

b) If sufficient number of candidates are not available to fill-up the seats

reserved for SC, they shall be filled up by the suitable candidates from ST category and Vice-versa. If, the required numbers of candidates are not available for filling the SC/ST reserved quota, the seats will be filled up by candidates from the general pool on the basis of merit.

c) Candidates claiming reservation under SC/ST/OBC(NCL) category are required to produce a certificate from the competent authority.

d) The candidates claiming reservation under Persons with Disability category, is subject to production of a medical certificate from competent authority.

e) If no candidate under Persons with Disability category is available, the seat will be filled by the candidate from Non-sponsored General category on the basis of merit.

SCHOLARSHIPS

No candidate is eligible for any Scholarship from the Institute/Osmania University or AICTE.

GENERAL TERMS AND CONDITIONS

a) The Institute reserves the right not to conduct any course at its sole discretion.

b) The course fee for next semester should be paid within a month of the beginning of the new semester i.e. by 31st January and 31st July every year.

c) The candidates have to place a caution deposit of Rs.1,000/- at the time of admission refundable on completion of the course.

d) No travelling allowance or any other allowance will be paid for attending

entrance examination, joining the course or on termination thereof.

e) The student shall not cause any damage or loss to the property of the institute/ University, failing which they are liable to bear the loss.

f) Any information given in the application by the candidate, if found incorrect after selection to the course, is liable for such punishment as may be deemed fit including his/her disqualification and/or dismissal from the course.

g) Once the selected candidates report for the course and pay the fee by the prescribed date, the admissions are treated as closed and the waiting list ceases. Fee once paid will not be refunded.

h) The Institute reserves the right to terminate the student at any time at its discretion for misconduct/indiscipline, breach of rules, etc. In such an event the course fee paid by the candidates shall not be refunded.

i) The rules are liable for change from time to time depending upon exigencies of the course.

j) All matters concerning the admissions and conducting the courses shall be subject to Hyderabad jurisdiction only.

THE CLASSES WILL BE CONDUCTED AT THE FOLLOWING PLACES:

At Central Institute of Tool Design,
Balanagar, Hyderabad

Monday, Tuesday & Wednesday (from
09.30 a.m. to 06:00 p.m.)

Mechanical Engineering Department,
University College of Engineering,
Osmania University, Hyderabad.

Thursday, Friday & Saturday (from
09.00 a.m. to 05.30 a.m.)

HOLIDAYS & WORKING HOURS

a) The Institute is following the holidays as applicable to Central Government.

b) The Institute working hours are from
09.30 a.m. to 06.00 p.m.

c) The Institute will work on 2nd
Saturday.

d) Weekly holiday – Sunday

IMPORTANT DATES

❖ *Availability of applications: 06-05-2019 (Monday)*

❖ *Last date for receipt of filled-in application: 13-06-2019 (Thursday)*

❖ *Date of Entrance exam (Tentative): 16-06-2019 (Sunday)*

Note: The eligible candidates will be intimated through SMS to collect the Hall Ticket.
